

SPOT THE CONSERVATION PROJECT

Over 50 years, Museum staff and volunteers have restored many objects, both big and small. See how many of the restoration projects you can spot at the Burnaby Village Museum.

Match the BEFORE photo with the AFTER throughout the 10-acre site.
Hint: Look inside and outside buildings!

You will find this 1913 vehicle near the Carousel building.

You will find this motorized bicycle in a place where it would have been repaired in 1910.

You will find this 1893 home on the quiet side of the bridge.

You might enter this shop to get some help with an ailment.

You will find this doll where you might have purchased one in the 1920s.

You will find this building on Brookfield Lane.
